Scottish wildcat	Breeding (spring to late summer)												
Vegetation													
Water vole	Habitat Only									Habitat Only			
			Optimal					Less Optimal				Not Suitable	

LIMITATIONS OF USE

- Survey requirements should always be 'scoped' on an individual site basis.
- Baseline Information, obtained from surveys undertaken during a less optimal survey window (shown in amber) may not satisfy statutory requirements. Consequently, additional survey effort may be required in the following optimal survey period.
- This survey timetable has been informed by current good practice ecological guidance.
- All reasonable efforts have been made to ensure that the information provided in this factsheet is current and accurate.
- Anderhaus Limited will not accept any legal responsibility for errors, omissions or misleading statements.
